

## Web-Based Fuel Ordering

### Manage Fuel from Anywhere

The current environment reminds us the key to surviving difficult times is the ability to adapt. A large part of this adjustment involves discovering **creative ways** to remain productive with a lean staff or while working from home.

Mansfield Energy now provides the ability to **place fuel orders online**. It's fast, convenient and ensures accurate delivery information.

Day or night, in the office or at home, FuelNet enables customers to manage their entire fuel program from any location.

- ▶ **View Daily Fuel Quotes**
- ▶ **Schedule Fuel Deliveries**
- ▶ **Retrieve Electronic Invoices**
- ▶ **View Archived BOLs**

### Contact Mansfield

Learn how leading companies are utilizing new technology trends to energize their fuel program.

Mansfield works with companies of all sizes, from local shops to Fortune 100 companies, to improve fuel purchasing. Learn how Mansfield's online ordering can make your processes faster and easier.
